Thanks, Patrice. I will stop by to touch base about this. Paul had talked about trying to set up a meeting with you a few weeks ago to discuss the IA leadership's reactions to the proposed changes to the standards in the informational memo. I have been working on consultation policy issues and was out of town last week so I am not sure if those meetings took place. Thanks. Sequoyah

S – I mentioned this matter to LEH in our meeting this afternoon. I mentioned the letter to the Chairwoman and the standards to apply.

Good afternoon, Patrice & Sequoyah:

We're now more than 4 weeks out from your meeting with Chairwoman Morgan of the Tejon Tribe (held Aug. 28). As I recall, you indicated that she could expect a letter from the Assistant Secretary regarding a procedure to be employed in her request for reaffirmation of the Tribe's status as federally recognized, first made in 2006. As I further recall, you thought the time frame for receipt of the letter would be a few weeks, but certainly not months.

Can you let me know when Chairwoman Morgan might receive the letter?

Thanks much,
Arlinda.
